

NSCG

Welcome back!

We hope you all had a fantastic summer break and are feeling refreshed for the new academic year. We're thrilled to welcome you back and are excited for another year of working together to help your students as they explore their next steps. If you've not already shared your school calendar with us, please do so as we're looking forward to meeting your pupils in assemblies and supporting in-school events.

Record Breaking Results

We are incredibly proud of everything our students have achieved during their time at NSCG. Once again, they have produced some fantastic results, and we'd like to take this opportunity to celebrate a selection of their achievements and share some of their inspiring success stories. Find out more [here](#).

Saturday 6th February
10am - 12noon

Saturday 8th May 10am
- 12noon

Leek Campus

Wednesday 4th
November 5pm - 7pm

Saturday 20th March
10am - 12noon

Saturday 19th June
10am - 12noon

Want to try out our courses?

Throughout the academic year, we'll be offering a range of taster sessions, giving small groups of students the opportunity to experience college life, explore new subjects, and help them make informed decisions about their future.

Our upcoming sessions include:

- **Construction Taster Day (Stafford Campus)** - 21st October 2027
- **Digital Careers Taster (Newcastle Campus)** - 10th February 2027

If you would like more information or to book your students onto one of these sessions, please get in touch with our team on schools@nscg.ac.uk

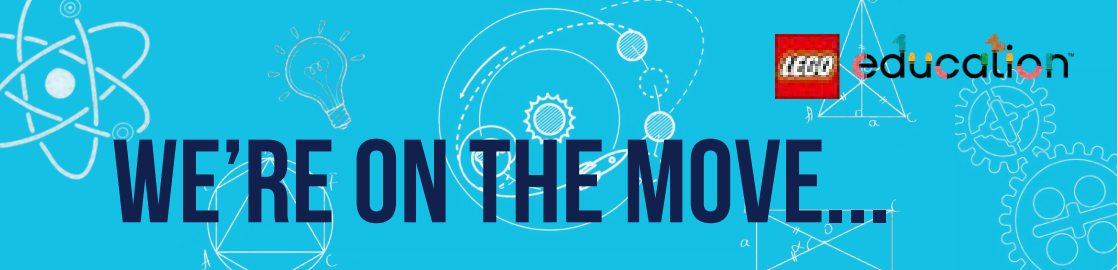

Application Sessions.

Applications for September 2027 entry will open in October.

We encourage students to apply early, giving them plenty of time to consider their options, make any necessary changes to their application, and secure a place on their preferred course. Applying early can help students avoid disappointment, as high-demand courses fill up quickly and applications could close early. Our team can visit your school to deliver application support sessions. We'll guide students through the application process, answer any questions they may have, and help them submit a completed application with confidence.

To book an application session, please contact schools@nscg.ac.uk.

WE'RE ON THE MOVE...

You may have already heard the exciting news that our Newcastle Campus LEGO® Education Innovation Studio is relocating to our Leek Campus.

Opening this October, the brand-new, upgraded studio will continue to deliver the same engaging, hands-on learning experiences while providing even more schools with the opportunity to experience the LEGO® Education programme. From literacy and computing to engineering, maths and design technology, our interactive sessions are designed to spark curiosity, encourage creativity, and inspire a love of learning. We look forward to welcoming you and your students to the new studio soon.

To book your free LEGO® contact megan.clayton@nscg.ac.uk

Supporting you throughout the year.

Download our Schools Liaison Activity Guide to explore the wide range of activities and support we can offer you and your learners, including engaging pathway presentations, thought-provoking careers sessions, supportive application sessions, and much more. Our activities are designed to support your careers programme and align with the Gatsby Benchmarks, helping you provide meaningful opportunities for students to explore their options, develop their aspirations, and prepare for their next steps.
